

THE UKIAH LEPER GIRL.

Likely to be Sent Back to Hawaii with her Family.

UKIAH (Cal.) April 27.—Dr. W. A. McCormack, who accompanied Supervisor Flanagan to Usal to investigate the leprosy case near that town, confirms the Supervisor's statement in the Call of today that the afflicted person, a girl 15 years old, is in the last stages of the dread disease. She is a daughter of Grimm, and came to Needle Rock, in this county with her brother and father some years ago. They subsequently removed to Upper Mattole, near the county line, where they now reside.

The Grimm family hailed from Germany and moved to Hawaii twelve years ago. The mother died on the island, and the girl is said to have contracted the disease. After leaving Hawaii the family moved to this State and finally located in Hopland, where the disease first became apparent.

The girl was taken to a hospital in San Francisco and one of her toes was amputated. Subsequently the patient was discharged as cured.

The family is at present in very destitute circumstances. The father is engaged in keeping the road in this district in repair. The son is an epileptic and can do no work. The habitation of the family is located in a dense redwood forest, and many miles from any other dwelling.

The entire family will in all probability be sent to San Francisco, and there steps will be taken to return them to Hawaii if this can be done. Supervisor Flanagan, to whom the matter was referred at the last meeting of the Board of Supervisors, has the case in charge and is now advising with District Attorney Sturtevant as to the best course to pursue.

CELEBRATING LOTUS DAY.

The Countess Wachtmeister Repeats Her Sunday Evening's Lecture.

Countess Wachtmeister repeated her Sunday night's lecture, "Death and After," to a large audience at the Y. M. C. A. hall last evening.

Today is Lotus day, and the hall will be decorated in a most beautiful manner under the supervision of Mrs. J. W. Luning. Lotus day is kept in memory of the death of Mme. Blavatsky, the founder of the Theosophical Society. The lotus flower is taken as an emblem, from the fact that it is typical of life and the process of evolution. Starting as it does from the muddy bottom of marshy pools, and developing by slow stages into a plant of surpassing loveliness surmounted by a pure white blossom, opening in the atmosphere above the foul water, it forms a charming parallel of human life, created from the lowest sources of existence by the process of evolution, to end in a spiritual existence free of every taint. Thus, in accordance with theosophical teaching, the lotus is a proper emblem of the society.
